NEW BUSINESS:

Proposals:

1. I propose we specifically add "talk to the service coordinator" after the meeting instead of how we say it now about chatting with a member...

Stormy

2. Propose we change paragraph A in the script to Paragraph B.

(A) To minimize distractions, please turn off your video when walking around. We are removing Zoom bombers, so if you are being harassed, please inform one of our hosts in the chat.

(B) To allow participants to focus on the meeting, we remove disturbances and may ask you to cut your video if an activity is distracting.

Bill

3. The purpose of this proposal is to add the business meeting minutes and agenda on the BBS Group Updates and Announcements Page. This allows availability, accessibility and transparency to all members who do not have or use email. The webmaster and group secretary would maintain this monthly format.

Kathy
